REPUBLIC DAY 2022 REPORT

Republic day marks the date on which the Constitution of India came into effect. Though India became independent on 15th of August 1947, the country did not have a sound constitution. The country was run on the basis of Government of India Act 1935. Having realized the need for a permanent constitution and its own governing body, the Government of India appointed a Drafting Committee on 28th of August 1947 and Dr. B. R. Ambedkar as the Chairman of the Drafting Committee. After working on it for nearly 3 years, the constitution was signed on 24th of January 1950, which came into effect on 26th of January 1950. That day is being celebrated as Republic Day of India ever since then. This year, the celebrations are special as India is in the 75th year of Independence – being celebrated as “Azadi Ka Amrit Mahotsav”.
